

# Residential Child Care Provider

**established in 1993**  
situated in south and west yorkshire

# our mission statement

(The original statement from 1999 for our first IIP Accreditation)

**Our mission is to offer individual packages of care and education to young people taking into account equality and diversity. These will be developed in partnership with agents from the Placing authorities. The delivery of these care packages will be the responsibility of the staff team, who we aim to equip with the knowledge and skills to fulfil this multi-skilled task, thereby encouraging a motivated team who will bring innovation to the delivery.**

## our vision

‘We believe in transforming lives by being passionate, innovative and invested in everything we do’

### Innovative

Holistic child focussed care packages are evolved by staff in conjunction with placing authorities, NSCAP and others who are involved in the lives of young people.

### Invested

We are committed to young people achieving and reaching their full potential.

### Nurturing

We promote an environment which is nurturing, welcoming and supportive so young people achieve a sense of permanency.

### Passionate

Staff are motivated, passionate, dedicated and ambitious. They are the fundamental attribute to the organisation.

# our service model

**Our organisation was developed with the aim of providing young people with bespoke packages of care. We have developed our service model over a number of years to become innovative in our delivery.**

### Residential Child Care

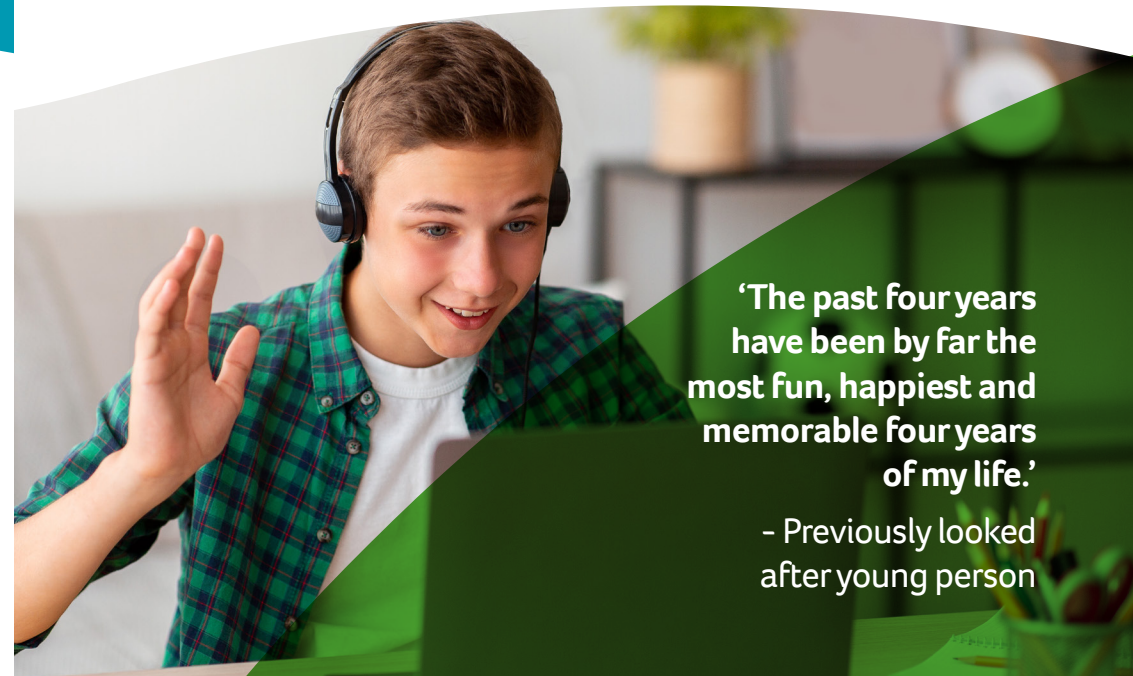

Homely, nurturing environments managed by highly experienced and qualified managers. Our homes are staffed with dynamic teams who bring a wealth of knowledge and training to the delivery of the individual care plans of our young people.

### Dove School

Independent school developed to accommodate our young people on an individual basis. We offer tailored packages of education, developed and delivered by qualified teaching staff.

### Therapeutic Services with Northern School of Child and Adolescent Psychotherapy (NSCAP)

Our partnership is based on the principle of integration: combining education/training, clinical practice, research and evaluation into all areas of residential care.

**‘The past four years have been by far the most fun, happiest and memorable four years of my life.’**

**- Previously looked after young person**

# who we are

**We established as an organisation in 1993 with a clear focus on providing young people with high quality residential care.**

We are committed to improving the lives of the young people we care for by providing bespoke packages of care to suit individual needs.

We have 10 homes ranging in size to accommodate need - multi occupancy (four bedded and two bedded) and single occupancy specialist resource homes.

We have received a number of prestigious awards over the years for our commitment, including People Make Performance Award, Leadership and Management Award, IIP Gold Award (first childrens homes to achieve this), Wakefield Business Award for commitment to training and numerous Outstanding Ofsted inspection reports across our homes.

We are extremely proud of the growth and commitment of our employees and young people alike. We are a valued, accredited and highly acclaimed provider within the sector.
